

# Town of Millbury Millbury Power Choice Program

April 11, 2022

Dear Millbury Electricity Customer,

The Town of Millbury is offering Millbury Power Choice (MPC), which provides new Town-vetted options for electricity supply. National Grid will continue to deliver your electricity, however, the electricity supplier was chosen by the Town of Millbury through a competitive bid process that leveraged the bulk-buying power of our community, understanding that savings cannot be guaranteed.

**You will be automatically enrolled in the MPC product, “Standard,” as of your June 2022 electricity meter read, unless you choose one of our optional products or choose to opt out.**

**To opt out and avoid automatic enrollment in the MPC program, you must do one of the following before May 14, 2022:**

 **mail and postmark the enclosed opt-out card**    OR     **call NextEra Energy Services at (855) 639-8105**    OR     **submit the opt-out form at [MillburyPowerChoice.com](http://MillburyPowerChoice.com)**

Participants may also opt out of Millbury Power Choice at any time during the Program without penalty. Please read further to learn more about Millbury Power Choice.

— Sean Hendricks, Town Manager, Town of Millbury

## MPC GOALS

### Competitive and Stable Prices

All MPC prices are fixed through December 2022, whereas National Grid Basic Service prices change every six months for Residential and Commercial customers, and every three months for Large Commercial and Industrial customers. MPC offers options that are intended to be price-competitive with National Grid Basic Service, however, **savings cannot be guaranteed**. This is because Basic Service rates are not known for the entire period of Millbury’s contract, and may therefore be above or below MPC rates in any given period.

### No Obligation

MPC includes the ability to leave the Program at any time without penalty.

### Electricity Choice

MPC offers three different electricity supply choices with different levels of renewable energy certificates (RECs) to match your budget and climate goals.

## MPC PRODUCTS

### Standard Product

**Standard:** This is the **standard product** that you will be automatically enrolled in if you do nothing. The goal for this product is to be equal to, or lower than, the average National Grid Basic Service rates over Millbury’s contract term. However, as Basic Service rates change, **savings cannot be guaranteed** for any given period.

### Other Products

MPC also offers two optional electricity products, each with differing amounts of RECs relative to mandated requirements. To enroll in any of these optional products, you must contact the supplier, **NextEra Energy Services**, at (855) 639-8105, or sign up on the Program website: [MillburyPowerChoice.com](http://MillburyPowerChoice.com).

**Millbury Power Choice 100% Green:** This is an **optional product**. It includes Renewable Energy Certificates (MA Class I RECs) equal to one hundred percent (100%) of a customer's electricity consumption, in addition to the minimum number of RECs required by the Commonwealth.

### GREEN

Products described as Green contain additional Renewable Energy Certificates (RECs) above that required by MA law. The additional RECs qualify for MA Class I designation from generation located within, or delivered to, New England.

## MPC PRICING

	Electricity Supply Product	Renewable Energy Certificates (RECs)	Residential	Commercial	Large Commercial and Industrial (C&I)	Price Period
MPC	Standard	Meets minimum MA Class I requirements	\$0.10316/kWh	\$0.10316/kWh	\$0.10316/kWh	<b>June 2022 - December 2022</b> Rates apply to service beginning and ending on the days of the month that your meter is read
	Millbury Power Choice 100% Green (optional)	MA Class I RECs equal to 100% of customer's metered consumption	\$0.12366/kWh	\$0.12366/kWh	\$0.12366/kWh	
What You Have Now	National Grid Basic Service (as filed March 15, 2022)	Meets minimum MA Class I requirements	\$0.11491/kWh	\$0.10370/kWh	WCMA \$0.10796/kWh	<b>May 1, 2022 - October 31, 2022</b> Residential and Commercial* <b>May 1, 2022 - July 31, 2022</b> Large C&I*
<p><b>No guarantee of savings.</b> National Grid Basic Service rates for electric supply change every six months for Residential and Commercial customers, and every three months for Large Commercial and Industrial customers. National Grid Basic Service rates may be above or below MPC rates for customers during any given period. Program prices could also increase as a result of a change in law that results in a direct material increase in costs during the term of the electric supply contract.</p> <p><b>Rates indicated above are for Supply Services only.</b> Commission fee for all MPC products is included in above rates. This fee is \$0.001/kWh for the aggregation consultant. Rates also include taxes which are billed as part of the power supply charge.</p>						

## MPC PARTICIPATION

To enroll in the Millbury Power Choice Standard product, you do not need to take any action. To enroll in an optional MPC product, contact the supplier, NextEra Energy Services, or use the online form at MillburyPowerChoice.com. If you don't wish to participate, mail and postmark the enclosed opt-out card on or before **May 14, 2022** to avoid automatic enrollment in the MPC program.

**Budget Plan or Eligible Low-Income** delivery rate consumers will continue to receive those benefits from National Grid.

**Solar Electricity Consumers** will not be impacted and will continue to receive their net metering credits while participating in the Program.

**Exit Terms for Basic Service:** There is no penalty charge for leaving National Grid's Basic Service, however, Industrial customers (G-2 and G-3) may receive a reconciliation charge or credit. If you have already chosen a Green Power supply option on your own, you must opt out of this Program. This will ensure you continue to receive your electricity from that Green Power Supply.

**You can leave the Program any time** after you've enrolled, with no early termination fees. If you leave the Program, your account(s) will be returned to National Grid's Basic Service on the next available meter read.

**How to access information about Basic Service:** visit [www.mass.gov/info-details/basic-service-information-and-rates](http://www.mass.gov/info-details/basic-service-information-and-rates), or call National Grid at (800) 322-3223.

**If you are receiving electricity supply from a competitive supplier and believe you have received this opt-out letter in error, you must sign and return the enclosed opt-out card.** This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.

**Tax-exempt small business customers** must provide a copy of their Energy Exemption Certificate directly to NextEra Energy Services via email at [Tax\\_Exemption\\_Forms@NextEraenergyservices.com](mailto:Tax_Exemption_Forms@NextEraenergyservices.com), fax at (866) 372-4392, or mail at NextEra Energy, Attn: Commercial Sales Tax Exemptions, 20455 State Highway 249, Suite 200, Houston, TX 77070, in order to maintain their tax-exempt status.
